Air West Interiors

Jan Blundell is the new owner of the interior shop located in the white hangar, **Air West Interiors**. I purchased the business five weeks ago from Jenny Darling. She left a stupendous reputation. I am excited to continue providing excellent craftsmanship and quality aircraft interiors.

Air West Interior has competitive prices with quality that is second to none. Miguel Sanchez has 20 plus years of upholstery experience and can make an average interior or a worn out interior, look like you just bought it off the show room floor.

West Houston Airport has a first class operation. The support I have received from the people here has been fantastic. I am so happy to be surrounded by so many people who share the same love for aviation and also to be a part of this awesome group of aviators at West Houston Airport.
