RUNWAY 15

Save Air Right? Quick Flying is good business!

WEST HOUSTON AIRPORT

The National Business Aviation Association

I have had the great honor to serve on NBAA's Board of Directors since 2017. At one point I was the only Board Member that 'drank AvGas' because most of the board members utilized turbine aircraft. Most pilots think of NBAA as being *only* focused on the turbine market – but in reality, NBAA is much, MUCH more. Especially now with a Professional Membership option, you can join and participate as an individual professional pilot.

What you probably already know:

The National Business Aviation Association (NBAA) was founded in 1947 to allow business aviation to thrive in the United States and around the world. Based in Washington, D.C. NBAA represents more than 11,000 companies and professionals. NBAA advocates for airport and airspace access, educates policy makers on the importance of business aviation and provides a multitude of products and services to the business aviation community – including the NBAA Business Aviation Convention & Exhibition (NBAA-BACE) – the world's largest civilian aviation trade show.

What you may not know:

There are 3 (three) membership types – Operating Members, Business Members and Professional Members. The Professional Membership category is the newest membership offering. It is for any person with an interest in business aviation. From \$95 to \$325, the membership discounts your entry into the world's largest Business Aviation Convention and Exhibition (BACE) and gives you access to all the Professional Development and educational content on NBAA. Courses such as the Single Pilot Safety Stand Down that usually occur during the Convention are now online -- this year's Convention will be online – referred to as VBACE – and the platform and technology will make this an amazing event! Visit to NBAA.org to register.

Other benefits of Professional Membership include the AirMail social network for collaboration, Operations Service Group and the opportunity to volunteer and participate on committees which address important issues in the aviation community.

NBAA is a tremendous advocate on Capitol Hill including regulatory issues affecting GA, fair taxation, airport access and of course – led the most successful campaign ever against User Fees! I donate to the NBAA PAC because of all the hard work they are doing to keep our airspace open and accessible - once you are a member you can donate as well.

Did you also know that NBAA Maintains one of only three non-FAA desks at the FAA Air Traffic Control System Command Center? This provides NBAA members access to information immediately in order to enhance trip planning and facility use.

Take a look at nbaa.org/membership/benefits for more information. It's a membership just as important as your EAA or AOPA membership.

Want to talk more about NBAA and join - call them directly at 1-866-363-4650 or online at membership@nbaa.org Or call me (281-492-2130) and I'll be more than happy to tell you how much more you can get out of being a member of NBAA!

HAPPY THANKSGIVING!

From the West Houston Airport family to yours

An Airman Grace

Lord of thunderhead and sky
 Who place in man the will to fly
 Who taught his hand speed, skill and grace
 To soar beyond man's dwelling place
 You shared with him the Eagle's view
 The right to soar, as Eagles do
 The right to call the clouds his home
 And grateful, through your heavens roam
 May all assembled here tonight
 And all who love the thrill of flight
 Recall with twofold gratitude
 Your gift of Wings, Your gift of Food.

— Father John MacGillivray, Royal Canadian Air Force

AIRCRAFT RENTALS AND INSTRUCTION RATES

RUNWAY 15

November 3rd, VOTE!

What's in it for You!

Freedom to Fly!

- 1.) Less Regulations
- 2.) No 100LL Substitutes
- 3.) No carbon tax on emissions for your G.A. aircraft! (like California)
- 4.) Continued big giveaways to government funded airports!
- 5.) Continued low registration fees!
- 6.) Continued pilot's Bill of Rights (Senator Inhofe legislation!)

Think about it and then if you fly—vote for these continued benefits!

If you don't vote—don't complain!

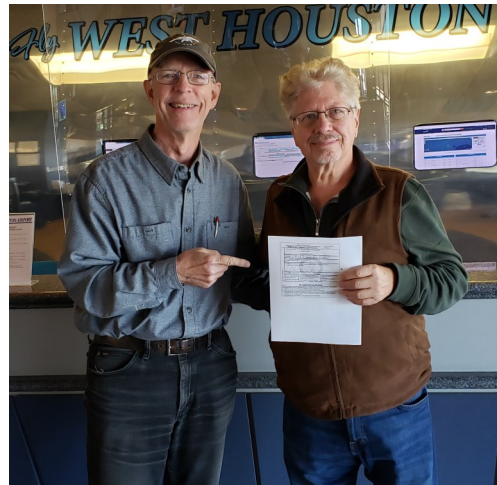

Take a look at our aircraft inventory for sale!
