BEACON LIGHT ON—C. G. "HANK" HENRY

"HANK" HENRY

C.G. Hank Henry will be 86 years young on January 10th. He was raised in Crossville, Tennessee, learning to fly at an early age. Hank served in World War II and was stationed in the UK. Later he managed the Flight Operations for an FBO in Galveston, Texas and went on to become the Chief Pilot/Test Pilot for Navion Aircraft Corporation.

Hank's credentials include that of commercial pilot with a multi-engine, instrument, Citation, Sea-plane and Glider ratings, CFI/AI/Inspector Aircraft and Pilot Examiner. He has received the Charles Taylor Award and the Wright Brothers Commendation, inducted into the Forest of Friendship by the Women's Organization of the 99s, and numerous other recognitions for his accomplishments and over thirty thousand hours of flight time all meticulously logged.

Hank's tenure at West Houston Airport started in 1973 when he came on board as Chief Mechanic and then later as Chief Pilot.

Hank has flown over 300 models of aircraft, including Stearman, DC3s, all Cessnas, all Pipers, Mooneys, and Beechcraft products, Taylorcrafts, Ercoupes, Interstates, even a Jenny!

In Hank's travels, he has flown many dignitaries and met the likes of Lindberg, Curtiss, Ryan, and Moses! (just kidding!)

His knowledge of the Federal Aviation regulations is unparalleled by anyone, including FAA personnel, he has even taught them a thing or two.

The Airport and its customers are proud to acknowledge this exemplary person for his contributions to general aviation!

FAA SAFETY MEETING—CLOSE CALLS: LESSON LEARNED

All of us have made mistakes, some more serious than other. The key is learning from those mistakes. **CLOSE CALLS: LESSON LEARNED** is a new seminar from the air Safety Institute featuring real pilots telling their real stories. You'll see a CFI and his student tell the

story of losing a prop in flight. A Bonanza pilot talks of surviving a crash in Oregon. A VFR-only pilot shares how he lost control after stumbling into instrument conditions. And one pilot shares how getting distracted can result in costly mistakes.

The FAA will hold the Tuesday, January 25, 2011, Safety Meeting at:

**Crowne Plaza Northwest
12801 Northwest Freeway
Houston, Texas 77040
from 7:00 to 9:00 p.m.
713-462-9977**

Hwy 290 @ Pinemont
