Dear Valuable IWS Patron,

Feathered Edge Aviation LLC is open for business and excited to be your aircraft maintenance facility at IWS! We offer maintenance support for both piston and turbine aircraft.

When the opportunity arose for the maintenance facility at IWS we jumped on board. We will strive to communicate and collaborate with you on diagnosing issues and get you safely back in the air as quickly as possible.

Our story began at West Houston Airport with a discovery flight in 1988. The passion to fly continued with a degree in Professional Aviation from Louisiana Tech University then serving as a flight instructor. Jumping forward, our son is now eagerly pursuing a career in aviation as well. We are fellow pilots and mechanics with a passion to fly and an understanding of the needs and challenges of aircraft maintenance.
