Exciting Flight School News!

Beginning on March 9th (beginning of daylight savings time) Houston's oldest continually operated Flight School will be open daily from 8:00 a.m. to 8:00 p.m. You will now be able to schedule and fly after work and finish up before dark!

These extended hours of daylight will help you get your certificate and ratings and gain proficiency and airmanship.

In addition as a promotional, you can get a 10% discount on all your flight training both dual and solo if you pay an advanced cash/check payment of \$10,000 or more. This will save you thousands of dollars over the course of your training.

Don't delay! Be ready for the new longer hours and more time to finish your training or getting that flight review!

Old Eagles Never Die!

Sometimes I try to fly, but bad weather changes my mind.
Today the skies are clear and blue and my journey soon begins.
Now my wings unfold and extend I go where the golden eagle flies.
I rise above the earth over hills, trees and mountains high
where pilots share the skies.

The place where the brave eagles dare to go high above the clouds.
As I departed I struggled to become airborne, but now my wings are stretched
out wide!

I soar far above the ground and from below they watch my feathers fly.
A gust of wind below my wings pushes me higher still.
My endurance weakens as the force of gravity overcomes me, slowly I descend
towards the earth below me.
I linger as long as I can to remain suspended in the sky, but gravity over takes
me and pulls me down.

This reminds me of the beginning of the end.

That I may never fly again.

Time waits for no one.

I must accept my fate, but my passion for the skies keeps me soaring high.
If only in my dreams, old eagles never die.
They just disappear into the evening sky, chasing the falling sun that dies in
darkness and rises reborn again.

Bringing with it the morning sunshine, warmth and
light to share with all that live.

The gift of another day and the continuation of all life.
