## Sugar Land Regional Airport Announces 2027 Runway Closure

Sugar Land Regional Airport (KSGR) is preparing for a major runway rehabilitation project in 2027. Construction on the airport's existing Runway 17/35 is scheduled to begin early next year, with a full runway closure planned from 10 p.m. August 30 through September 29, 2027.

With Sugar Land's runway temporarily unavailable, aircraft owners and operators may need to make alternate arrangements during the closure period. The Airport Manager for West Houston Airport has said there is plenty of hangar space available at West Houston Airport and that West Houston Airport is prepared to accommodate guests from Sugar Land who may need a temporary home for their aircraft during the closure.

West Houston Airport is conveniently located in west Houston and offers a welcoming general aviation alternative for aircraft owners looking for a place to base their aircraft while work is underway at Sugar Land.

The Sugar Land project is expected to continue through January 2028, with the airport anticipating the new runway to be operational following the 30-day closure period. (per city of Sugar Land website) This is an early announcement by SGR, verify with SGR officials prior to reliance.

For more information about available hangar space at West Houston Airport, contact us at 281-492-2130.

## Airport Newsbriefs September 2026

- Driver hits airport sign, gate, bollards, and landscaping damage, amounting to over \$30,000 damage.
- Honda Jet hits small deer at night on departure causing leading edge damage. \*Note: First deer strike in a decade
- Man released from mental institution gets taxi to airport. Says he goes back to the late 70's and was in 28 mental institutions. Taxi driver says he is not paid and going to call police, agrees to take man to Goodwill if cab fare is paid, paid cab fare! Two weeks later recieved collect calls from Montgomery County Jail from some man needing bail for assulting law enforcement officer. No bond made by this writer.
- Bonanza lands with oil streaming out of engine compartment. Thankfully still had six quarts of oil. Problem: oil filter adapter (OEM part) was cracked at bolt hole allowing oil leak.
- Former customer Ken Baskin passed away. Ken Baskin was an owner of a King Air, Cessna 210, and other aircraft, also lot in subdivision.
- Longtime friend Mark Flanagan passed away recently. He was a local crop duster pilot.

## Saturday, December 5, 9:00 AM - 12:30 PM Instructed by AOPA Foundation Scholarship Mentor Pat Brown.

Life may have gotten in the way, but the dream of flight can be yours again. Returning to the skies is not as difficult as most rusty pilots think. We are inviting you back in the cockpit and will help you get there. Come and participate in this Rusty Pilots program with fellow lapsed pilots. We will help you understand what's changed in aviation since you last took the controls and brush up on your aviation knowledge. AOPA developed the Rusty Pilots program in partnership with local flight training providers in order to create the best environment for getting you back in the air and a part of the general aviation community. - It is easier than most people think – no FAA check ride or test. - You might not even need a medical. - Plus, you'll get two to three hours of ground instruction toward your flight review! Pre-registration is encouraged since seats fill up fast! \*AOPA is proud to offer WINGS credit for attendees at this event! In order to receive credit, be sure to update the WINGS email address associated with your FAASafety.gov account during the registration process.

## Award Winning Beechcraft

Congratulations to ABS members Bill Ellington and Lenny Miller of Houston, Texas, for winning the 2026 EAA Vintage Aircraft Association Best Beechcraft® award in the Classic category for their 1950 B35 Bonanza N8926A (serial number D-2626).

Bill writes: "This was the first time we brought the B35 to Oshkosh, and we really enjoyed the camaraderie and overall experience. I also had the chance to stop by the ABS tent and visit with some of the Beech gang." Bill says they had to leave Oshkosh on Wednesday and ABS was first to tell them they'd won after the awards ceremony on Saturday evening.

# ONE OF OUR OWN!

## Nile Copeland

Judge Nile Copeland is a Houston attorney, former City of Houston municipal judge, and active supporter of general aviation. Raised in Louisiana, he is the son of a paralegal and a wireline supervisor, and credits his upbringing with instilling a strong appreciation for education, hard work, and service.

Judge Copeland earned his Bachelor of Science and Master's degree in Education Administration from Louisiana State University before earning his Juris Doctor from South Texas College of Law Houston. He has practiced law in the Houston area for more than 20 years. Through Copeland Law Group, his work has included civil litigation, business and contract disputes, real-estate matters, professional-negligence claims, mediation, and arbitration. He also served for nine years as a City of Houston municipal judge and currently serves on FINRA arbitration panels as both a panelist and chairman.

Outside of his legal career, aviation has become an important part of Judge Copeland's life. As a patron of West Houston Airport, he enjoys not only flying and being around aircraft, but also the people and community that make general aviation special.

Judge Copeland regularly participates in aviation education and safety activities, including FAASTeam seminars, and has an interest in organizations such as AOPA, SAFE, West Houston Airmen, and the Commemorative Air Force. He also supports Girls in Aviation Day and enjoys encouraging young people who are interested in aviation.

For Judge Copeland, West Houston Airport is more than a place to fly, it is a community of pilots, instructors, mechanics, airport businesses, volunteers, and families who share a passion for aviation. He enjoys being part of that community and supporting the future of general aviation in the Houston area.

Beyond aviation, Judge Copeland remains active in the community through civic, professional, charitable, business, and fraternal organizations. Whether at the airport, in the courtroom, or involved in the community, he values staying active, continuing to learn, and building relationships with the people around him. He is now seeking to continue his public service as a candidate for Judge of the 55th District Court.

**Judge Nile Copeland pictured  
with his family**

The 2026 general election will be held Tuesday, November 3, with early voting taking place October 19 through October 30. Make your voice heard and remember to vote!

## WOMAN/MANCAVE

# WEST HOUSTON AIRPORT A4 HANGAR FOR SALE

This 10,000 sq ft hangar is located at West Houston Airport, a full service airport. The 100' x 100' hangar is currently just one big open space, except for a small restroom. All utilities onsite. Hangar door is an 80' x 18' hydroswing door with remote control as well as push button opening. Hangar must be used primarily for aircraft storage. Additional car parking available outside hangar. Adjacent to Houston's Energy Corridor, you will enjoy the city's finest amenities without the commute. Live. Work. Fly. All in one place. Gated community with 24 hour airport guard, conference rooms, and more.

### PROPERTY FEATURES:

10,000 Sq Ft

1 Restroom

Plenty of outside parking

Corner Lot

### CONTACT DETAILS:
